

AT-A-GLANCE

2010 Subaru Outback

PZEV • 2.5i Sport • 2.5i Limited Package (Multimedia Option)
3.6R • 3.6R Limited Package (Multimedia Option)

- All-new, fourth-generation Outback that launched the crossover category 15 years ago
- Bold new design emphasizes vehicle's function and capability
- Roomiest Outback ever built on an all-new platform with longer wheelbase and increased width for greater interior room
- Five Outback models for 2010 – three 4-cyl. 2.5i models and two 6-cyl. 3.6R models
- Integrated steering wheel audio and cruise controls standard on all models
- 60/40 split flat-folding and reclining rear seat with armrest
- Ambient overhead console lighting
- Dark tint privacy glass standard

What's New for 2010

- New powertrains, including a revised 170-hp 2.5-liter 4-cyl. SUBARU BOXER engine and a new 256-hp 3.6-liter, SUBARU BOXER engine
- First-ever 6-speed manual transmission and available Lineartronic™ CVT (Continuously Variable Transmission) for Outback PZEV and 2.5i models
- New double-wishbone rear suspension and other chassis enhancements deliver smoothest, quietest ride ever in an Outback
- Brake Assist safety feature standard
- Vehicle Dynamics Control system and Traction Control System standard on all models
- Limited Package with Multimedia option offers new voice-activated GPS navigation system with rear backup camera, hands-free Bluetooth® and streaming Bluetooth® audio
- Media hub for USB/iPod
- High-performance 440-watt, 9-speaker audio system with Harman Kardon® speakers standard on Limited Packages
- Driver selectable electronic parking brake with electronic Hill Holder system
- Raised-profile roof rails with integrated swing in place crossbars
- Naturally aspirated 2.5-liter SUBARU BOXER engine, available with PZEV emission control equipment
- 4-wheel independent suspension and 220 mm ground clearance enable off-pavement driving
- Three types of Symmetrical full-time All-Wheel Drive featured across Outback line: PZEV and 2.5i models with 6-speed manual transmission use a viscous-coupling limited-slip centre differential to distribute the power 50:50 front to rear; Outback PZEV and 2.5i models with Lineartronic™ CVT (Continuously Variable Transmission) use an electronically controlled multi-plate transfer clutch AWD system to distribute power 60:40 front to rear in dry conditions and 50:50 on slippery surfaces. Outback 3.6R models use Variable Torque Distribution (VTD) which is a highly sophisticated AWD system that employs an electro-mechanical centre differential with the advanced capabilities of a planetary gear set to distribute the power 45:55 front to rear in dry conditions and 50:50 on slippery surface
- Standard front seat mounted side impact air bags, side curtain air bags and dual-stage deployment front air bags.

Key Facts

Basic Specifications

Wheelbase	2740 mm
Length	4780 mm
Height (with roof rails)	1670 mm
Width	1820 mm

Engine:

Legacy 2.5i models (including PZEV)	SOHC, 2.5-liter
Horsepower	170 hp @ 5,600 rpm
Torque	170 lb.-ft. @ 4,000 rpm
Transmission	6-speed manual or Lineartronic™ CVT

Outback 3.6R models	DOHC H6, 3.6-liter
Horsepower	256 hp @ 6,000 rpm
Torque	247 lb.-ft. @ 4,400 rpm
Transmission	5-speed automatic with manual mode and blipping control
