With a great model lineup to suit your business needs, it simply makes sense to add the safety, value and reliability of Subaru symmetrical full-time All-Wheel Drive vehicles to your fleet. Thanks to the Subaru symmetrical full-time All-Wheel Drive system, all Subaru fleet vehicles are uniquely equipped to offer unsurpassed control and safety in all types of weather conditions and on all types of road surfaces. Affordable acquisition costs, high residual value and volume fleet incentives make Subaru vehicles an excellent value and a smart investment. With the all-weather safety of All-Wheel Drive, outstanding value and the reliability of Subaru engineering, Subaru fleet vehicles will make a welcome and intelligent addition to any business.

2013 MODEL YEAR FLEET ASSISTANCE PROGRAM

- Fleet program allowances apply only to commercial fleet accounts approved and registered with Subaru Canada, Inc.
- Fleet program allowances (credits) are passed through to the purchaser and are shown as a distinct line item on the bill of sale.
- Special fleet concessions (bid assistance) may be available in lieu of the published program for volume purchases. This will be done on a "stair step" system, and will be available retroactively based on vehicles actually purchased. All fleet concessions must be pre-approved in writing by the Director, Vehicle Operations and Fleet Sales.

Do You Qualify as a Fleet Customer?

To qualify, a fleet customer must have five (5) vehicles registered in the company's name and a Fleet Account Number (FAN) approved by and registered with Subaru Canada, Inc.

Impreza	\$1,250
WRX	\$1,250
Legacy	\$1,500
XV Crosstrek	\$1,250
Forester	\$1,250
Outback	\$1,250
Tribeca	\$1,250

Fleet assistance programs do not apply to WRX STI or Subaru BRZ.

How to Apply for a Fleet Account Number (FAN)

To apply for a Fleet Account Number, please select the appropriate form which may be downloaded from www.fleet.subaru.ca. The completed application form, along with the required number of proof of vehicle registrations, is then forwarded to Subaru Canada, Inc. When the application and support documents are verified and approved by Subaru your company will be registered and a Fleet Account Number provided.

FAN Application Forms

Leasing Company Account FAN Application Form Leasing Company: Please include copies of ten (10) vehicle provincial registrations that provide both Lessor and Lessee names. The registrations should include two (2) that are dated at least six (6) months prior to the application date.

Commercial Account FAN Application Form

Commercial Account: Please include copies of five (5) vehicle provincial registrations.

Daily Rental Account FAN Application Form Daily Rental: Please include copies of five (5) vehicle provincial registrations.

FAN Requirements The vehicles you are purchasing or leasing must remain in original service in Canada and are to be used in the operation of the business for a minimum of 12 months, except daily rental companies for which there is a minimum 6-month in-service requirement. Vehicle registrations can be for any make or model but they are to be for cars or trucks only. In provinces with government insurance, we alternatively accept a copy of a vehicle listing issued by the governing authority in lieu of individual registrations.

SUBARU'S MISSION

Our mission

To provide superior and professional fleet services while comprehensively educating how navigating the corporate world is easier, safer and financially beneficial in a symmetrical full-time All-Wheel Drive Subaru.

Corner stone values

- Safety Symmetrical Full-time All-Wheel Drive and 2012 IIHS Top Safety Picks on all 2012 models
- Fuel Economy Lineartronic Continuously Variable Transmission
- Reliability Recognized as the most reliable brand by a major consumer magazine
- Residuals Automotive Lease Guide (ALG) Best Mainstream Brand Award

Summary of offers

- Volume Fleet Incentives
- Fleet Incentives invoice deducted
- Vehicles sourced from Subaru Canada Allocation
- CAA backed roadside assistance
- Exceptional safety design
- Average Factory Order to Delivery timelines (42 days
- Environmentally friendly vehicles
- Appealing low cost of ownership/operation

our vehicles and are also proud to stand behind them with a comprehensive warranty. For 2013 model year vehicles, the warranty on all Subaru vehicles consists of: **New Vehicle Limited Warranty** (36 month/60,000 km)

This warranty covers basic and major components for 36 months or 60,000 km.

Major Component Warranty (60 month/100,000 km)

Subaru Warranty Coverage

Every Subaru vehicle is designed and built to offer our customers

the highest possible quality and reliability. We are proud of

This warranty continues to cover major components to 60 months or 100,000 km.

Surface Corrosion Limited Warranty (36 month/60,000 km)

This warranty covers surface corrosion to visible painted body panels for 36 months or 60,000 km.

Anti-Perforation Limited Warranty (60 month/Unlimited km)

This warranty covers perforation due to corrosion to body sheet metal panels for 60 months, regardless of kilometres.

Emission Control System Limited Warranty

This warranty covers the majority of emissions components for 36 months or 60,000 km and the major parts of the emission control system for 96 months or 130,000 km.

Parts and Accessories Limited Warranty

This warranty covers Subaru parts and accessories installed by the dealer prior to retail delivery of the vehicle for 36 months or 60,000 km and Subaru parts and accessories installed by the dealer after the retail delivery of the vehicle for 12 months or 20,000 km from the date of the installation

Earning your trust

Our brand promise is to offer Canadians vehicles that instill high levels of confidence behind the wheel. Confidence in Motion means trusting that your vehicle is a quality product with superior levels of innovation, safety, capability and reliability built right in. We've earned a lot of recognition from customers and third-party organizations alike, a sure sign that we've been delivering on our promise – and great motivation for us to keep delivering vehicles Canadians can feel good about driving for many years to come.

More reasons to feel confident about Subaru

- Surprising fuel efficiency Subaru is the manufacturer with the most efficient all-wheel-drive vehicle in North America[®] and fuel-saving technology is incorporated into all our vehicles.
- Class-leading safety standards Subaru is also the only manufacturer to receive IIHS Top Safety Picks across its entire 2012 model line-up.
- Proven reliability and quality Subaru vehicles are so bulletproof, we are the only manufacturer with a maintenance guide for vehicles with up to 500,000 km. For good reason: 95.4% of our vehicles sold in Canada over the last 10 years are still on the road today.
- Excellent resale value This year, Subaru was declared the winner of the ALG Residual Value Award for Best Mainstream Brand. This is the third year in a row we have earned this honour.*

- Outstanding value We don't offer bare-bones vehicles where everything is an option. Our cars are well-equipped right out of the gate because that's what discriminating customers expect.
- Stellar service Our dealers are supported by friendly front-line staff, factory-trained technicians, and an innovative parts warehousing and shipping process to ensure your service experience is quick and efficient.
- Customer-driven product development We pay special attention to customer feedback and respond quickly with innovative features and technologies that will meet their evolving needs.
- Confident handling Every Subaru benefits from innovative engineering, the experience gathered from decades of motorsport competition and an obsession to achieve optimum performance.

Confidence in Motion

- Best Mainstream Brand (3 years in a row)
- Best Compact Car 2012 Impreza (4 years in a row)
- Best Sporty Car
- Best Midsize Utility 2012 Outback (2 years in a row)

Subaru is the only manufacturer with 2012 Top Safety Picks across all 2012 models.

SUBARU CORE TECHNOLOGY

SUBARU SYMMETRICAL FULL-TIME ALL-WHEEL DRIVE

40 Years of AWD

The Subaru symmetrical full-time All-Wheel Drive system is the result of over 40 years of continuous improvement – including a decades-long run in the FIA World Rally Championship, the toughest form of motorsport on the planet. When people talk about feeling confident behind the wheel of a Subaru, this feature is one of the main reasons behind that statement.

Of course, any all-wheel drive system has the potential to inspire confidence, particularly when the weather takes a turn for the worse – but there are good systems and there are great systems.

Subaru symmetrical full-time AWD enjoys a healthy advantage because it's always on and always providing extra traction, safety and security under all driving conditions. Plus, the symmetrical layout provides unmatched balance, efficiency and smooth power delivery.

Subaru Boxer

For close to 50 years, Subaru has developed, refined and perfected the SUBARU BOXER, the engine used in every one of our vehicles. In this layout, known generically as the flat or horizontally opposed engine, the pistons are laid flat and move parallel to the ground rather than straight up and down or at an angle. The SUBARU BOXER is another major reason why our vehicles deliver such a smooth, powerful and confidence-inspiring feeling behind the wheel.

The low centre of gravity of the SUBARU BOXER improves stability in the corners, contributing to a more comfortable ride, and helps to make our vehicles more responsive in an accident-avoidance situation.

Better Performance Efficiency

When pistons move side-to-side, an inherently better-balanced design, they create less vibration, improve performance and reduce wear and tear on moving parts.

Better Acceleration

This engine type is compact, lightweight, and symmetrically positioned low in the chassis for smoother and more direct power delivery.

Better Crash Worthiness

Due to the relatively small size and low profile of the SUBARU BOXER engine compared to similar displacement engines, it slides underneath the cabin in a severe frontal collision.

LINEARTRONIC® CVT + MULTI-PLATE TRANSFER CLUTCH AWD

Continuously Variable Transmission

The Lineartronic[™] CVT (Continuously Variable Transmission) is the ideal link between the smooth power of the SUBARU BOXER engine and the confident control of Subaru symmetrical full-time All-Wheel Drive. Thanks to this innovative new transmission, your Subaru can now achieve even better acceleration, smoother performance and significantly improved fuel economy.

For the 2013 model year, this super-efficient technology, now in its second generation, is available in the Subaru Impreza, Legacy, Outback and brand-new XV Crosstrek. These four vehicles return remarkable fuel efficiency across the board; the Legacy and Outback achieve over 1,000 kilometres of highway between fill-ups, while the Impreza does likewise despite having a smaller fuel tank.

PARTIAL ZERO EMISSION VEHICLE

What is a PZEV?

A Partial Zero Emission Vehicle (PZEV) has been defined by the California Air Resources Board as one that meets the state's Super Ultra Low Emission Vehicle (SULEV) tailpipe standard and produces zero evaporative emissions. A PZEV is one of the cleanest-running gasoline-powered vehicles around. In fact, pollution controls are so stringent and the fuel-burning process is so complete, the exhaust produced can actually be cleaner than the air outside. In certain cases, a PZEV is even cleaner than some hybrid or alternative fuel vehicles. PZEV options are available on the Legacy, Outback and Forester.

In 2004, Subaru of Indiana Automotive, Inc. (SIA), the plant where the Subaru Legacy, Outback and Tribeca are manufactured, became the first U.S. assembly plant to directly landfill zero waste materials. This facility, over 800 acres in rural Indiana, is also the first automotive manufacturing site in the U.S. to be named a National Wildlife Federation Backyard Wildlife Habitat. SIA was also the first automotive manufacturing facility to earn ISO 9001, ISO 14001 and now more recently, ISO 50001 standards certification. This latest accreditation recognizes organizations for their management strategies to increase

C.A.R.B. EMISSION STANDARDS

SCORE	DESIGNATION
10	Bin 1 & ZEV
9	PZEV
8	Bin 2 & SULEV II
7	Bin 3
6	Bin 4 & ULEV II
5	Bin 5 & LEV II
4	Bin 6 & LEV II option 1
3	Bin 7
2	Bin 8 & SULEV II trucks
1	ULEV and LEV II trucks

PZEV qualifies \$500 Assistance for an additional

These standards rate any vehicle's emissions based on testing for five major types of pollutants in vehicle exhaust:

- Carbon-containing compounds, including hydrocarbons
- Oxides of nitrogen, which combine with hydrocarbons to create ground level ozone and smog
- Particulate matter, tiny particles of solid matter that lodge in the lungs and deposit on buildings
- Carbon monoxide, a colourless, odourless, poisonous gas
- Formaldehyde, a lung irritant and carcinogen

2013 IMPREZA

A compact-sized car (4 and 5-door entries) that is the most fuel efficient with lowest CO₂ emissions of any AWD vehicle in North America^o. Available in 4 trim levels.

WHAT'S NEW

- New audio systems with standard Bluetooth® mobile connectivity and iPod®/USB integration with Bluetooth® streaming audio
- Limited package gains an advanced Audio/Nav system with back up camera and other great features
- Hill Start Assist is now standard on all models
- New colour options

PRODUCT HIGHLIGHTS

- Standard Subaru symmetrical full-time AWD for increased confidence
- 4- and 5- door body-style options
- Peppy response and nimble handling
- Versatile cargo area with 60/40-split flat-folding rear seats

DID YOU KNOW?

2013 LEGACY

An exceptional mid-size sedan with spacious interior, excellent trunk size, superior driving dynamics and capable of over 1,100 km[†] on a single tank of gas. Available in both 4 and 6-cylinder models.

WHAT'S NEW

- EyeSight™ advanced driving assist system
- All-new 2.5L, 4-cylinder naturallyaspirated DOHC SUBARU BOXER with improved power and fuel efficiency
- Significantly better towing capacity (453 Kg or 1,000 lbs)

PRODUCT HIGHLIGHTS

- Standard Subaru symmetrical full-time AWD for increased confidence
- Spacious interior with room for five adults (960 mm of rear legroom)
- Truck capacity of 415 L and 60/40-split flat-folding rear seats
- PZEV (Partial Zero Emission Vehicle) equipment available for even more eco-friendliness

DID YOU KNOW?

When equipped with a Lineartronic® CVT (Continuously Variable Transmission), Legacy can achieve over 1,100 km per tank[†] (highway driving)

SELECTED FEATURES	2.5i	3.6R
Engine: 2.5L DOHC, horizontally opposed, 4-cylinder SUBARU BOXER engine Power: 173 hp @ 5600 rpm Torque: 174 lb-ft @ 4100 rpm	•	-

The naturally aspirated 2.5-litre **DOHC SUBARU BOXER** is available with optional PZEV equipment that helps to reduce smog-forming emissions to near zero with no compromise in performance. This optional technology allows the Subaru Outback to meet California's **Super Ultra Low Emission Vehicle** (SULEV) tailpipe standard, making it one of the cleanest gas-powered vehicles on the road today.
