## 2017 SUBARU CROSSTREK

The Crosstrek is compact enough to handle congested metropolitan areas with ease, yet gritty enough to adventure nearly anywhere. Built in a zero-landfill facility, the Crosstrek has been engineered for maximum capability and minimal environmental impact, especially when considering the standard Partial Zero Emission Vehicle (PZEV) equipment included on every Crosstrek.

- Limited 火山 Kazan Edition production features a vibrant Pure Red Exterior, red interior accent and trims as well as exclusive 17-inch aluminum alloy wheels
- Subaru Rear/Side Vehicle Detection has been added to Sport and Limited trims for enhanced safety.
