

## 1. Phone Button or Activation / Deactivation Button

- ° Push to set up and program unit.
- ° Push to receive an incoming call.
- ° Push to make a call if not on a call.
- ° Push to end a call.
- ° Push to accept an incoming call when on another call.

## 2. Volume Up & Down Buttons

- ° Push (+) to increase the volume.
- ° Push (-) to decrease the volume.
- ° Push either button to the desired volume level when the unit is not activated. Audible beeps indicate the current volume level.

## 3. VR (Voice Recognition) Button or Barge-In Button

- ° Push to input a command without having to listen for a prompt.
- ° Push and say "TRANSFER CALL". This allows you to transfer your call back to your cell phone in the event you want privacy or are exiting the vehicle. Repeat to transfer call back to BlueConnect.
- ° Push to mute the phone.
- ° Push to send DTMF (Dual-Tone Multi-Frequency) tones.

## 4. Blue L.E.D. Light

- ° A blue light comes on indicating that the unit is activated or when there is an incoming call. It also comes on when you are on a call.

BlueConnect's main menu lists the following voice prompts:

- "CALL"
- "REDIAL"
- "DIAL"
- "EMERGENCY"
- "PHONEBOOK"
- "SET UP"
- "CANCEL" to exit

### Frequently Asked Questions

1. Are all Bluetooth® phones compatible with the BlueConnect® system?  
No, the BlueConnect system is only compatible with Bluetooth handsfree profiled phones that have passed our testing standards. Please check the compatibility list by visiting  
(USA & ALASKA) [www.subaru.com/contactus](http://www.subaru.com/contactus) or call 800-SUBARU3, or (CANADA) [www.subaru.ca](http://www.subaru.ca) or (HAWAII) [www.subaruhi.com](http://www.subaruhi.com) or call 808-564-2260 or (PUERTO RICO) call 787-793-2828
2. How do I pair my phone?  
Follow the steps below to connect your Bluetooth handsfree profiled cell phone to BlueConnect. Please make sure your vehicle is stopped or in park.
  - Press the Phone button
  - Say "SET UP"
  - Say "PAIRING OPTIONS"
  - Say "PAIR"
  - Say a 4 digit pin code. Ex. (1, 2, 3, 4)
  - Start pairing to your Bluetooth phone and select the same pin code on your phone as you did for BlueConnect. Ensure your Bluetooth is "ON" on your handset before pairing. See your phone's manual for pairing instructions.
  - Pairing complete
3. How do I dial a number?
  - Press the Phone button
  - Say "DIAL"
  - BlueConnect says "Number Please" (without any pauses in speech ex. 5551234567)
4. How do I add a phonebook entry?
  - Press the Phone button
  - Say "PHONEBOOK"
  - Say "NEW ENTRY"
  - Follow the prompts to complete the entry
5. How do I call someone from my BlueConnect phonebook?
  - Press the Phone button
  - Say "CALL"
  - Say a name from your BlueConnect phonebook entry.
6. How do I receive an incoming call?
  - Press the Phone button to receive the call.

7. How do I transfer a call to my handset?
  - Press and release the VR / Barge-In button during a call and say, "TRANSFER CALL"
  - The call will transfer to your handset and you can continue your call.
  - Repeat to transfer back to BlueConnect.
8. How do I import a contact?
  - Say "PHONEBOOK"
  - Say "IMPORT CONTACT"
  - For safety, importing a contact is recommended while the vehicle is stopped. Once you hear "Ready to receive a contact from the phone" select an entry from the phonebook and send it using Bluetooth. See your phone's manual for transferring a contact through Bluetooth. (Note Only a home, a work, and a mobile number can be imported).
9. How do I change the language?
  - Say "SET UP"
  - Say "LANGUAGE"
  - "Select a language: English, French, or Spanish" (Speak the desired language: "ENGLISH", "FRENCH", or "SPANISH")
10. I am having difficulty making the BlueConnect understand me.  
The BlueConnect voice recognition is designed to interpret commands from the driver's seat, spoken at a normal rate, at a normal volume level.  
  
Please use the following tips when speaking to it:
  - Speak at a normal volume, looking straight through the windshield
  - Speak at a normal pace without pauses
  - Wait for the beep to sound before giving the unit a command
  - Reduce other sounds in the vehicle ie. passengers talking, wind noise, radio, climate control fan speed, etc.
  - Make sure that the vehicle's stereo system is off or muted. It is important that you do not override Blueconnect's auto mute feature by pressing either the "MUTE" or "MODE" buttons on the steering wheel as this will cause sound to resume from the vehicle's stereo system which will interfere with Blueconnect's voice recognition.
11. I am having difficulty navigating through the menus.  
In any menu at any given time, saying "HELP" will list the available commands for that menu. Similarly, saying "CANCEL" will navigate back to the main menu, and finally to standby mode..

For more information on your Subaru BlueConnect features, please refer to your Owner's Guide.
